Dermatology Associates Of The Lowcountry

Dr. Oswald Mikell heads a group practice, Dermatology Associates of the Lowcountry, a full-service practice specializing in the treatment of all diseases of the skin, hair and nails including skin cancer treatment and cosmetic repair and rejuvenation.

A double board certified dermatologist, Dr. Oswald Mikell is a leader in the field of Mohs Micrographic Surgery, today's most advanced treatment for skin cancer. Mohs is a very precise, highly detailed technique

whereby small layers of skin are sequentially removed and immediately examined under the microscope until the samples indicate that the skin cancer is completely removed.

Dr. Mikell takes pride in combining the latest technology with the utmost personal care. He is dedicated to the highest standards of care, treating each patient as an individual deserving special attention. Not only can Dr. Mikell save your life - he can make you look and feel better. Dermatology

Associates offers cosmetic surgery and treatments, such as treating acne scarring, skin resurfacing, and facial rejuvenation."

Whether you're fighting a serious medical condition like skin cancer or struggling with your mirror image due to conditions such as acne, rosacea, fine lines and wrinkles or unwanted hair, Dr. Mikell has the necessary experience and skills to assess your condition and counsel you on the proper course of action.
